Employees have the option to purchase at their expense by payroll deduction up to an additional \$50,000 of life insurance upon initial enrollment to the plan (date of hire) without evidence of insurability.

3.7 Preventive Care. The City and Association agree that preventative testing covering PSA and mammograms will be included in the Departmental physical examination program.

Under the Department Physical Examination program, unit members are eligible for an annual physical exam that includes a specific set of City determined tests. The employee has two options for receiving the exam.

1) It is strongly recommended that employees obtain Department physical examinations through the City contracted provider. The employee shall contact the program coordinator to make arrangements for the exam and the City contracted provider will bill the City directly so long as the appropriate notification and scheduling is followed.

2) If the employee elects to use a personal provider, the employee must notify the program coordinator prior to the examination so that the appropriate directions can be forwarded to the provider. The employee also must comply with the appropriate directions which are described in Appendix D.

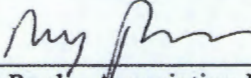

3.8 Spousal Employment Health Benefits. Employees' spouses must elect employer sponsored group medical coverage from their own employers when offered at an employee contribution cost for single coverage of no more than \$250.00 per month and providing coverage equal to, or better than, the coverage plan option selected by the City employee. Employees' spouses who obtain their own-employer's health benefit may remain on the City's medical benefit in a secondary capacity. Employees will be required to confirm in writing their spouse's eligibility for employer medical coverage at least annually.

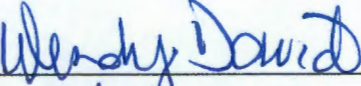

3.9 Legislative Changes. In the event legislation changes such that employer financed universal health is required through the State or Federal government, there will be an immediate re-opener to discuss the impact of the legislation on the current City Medical Plan.

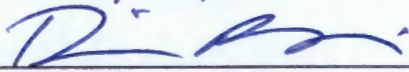

3.10 Application of Medical Insurance Plan. In the event provisions of this section contradict those included in the City Medical Plan, the terms of the City Medical Plan shall prevail.

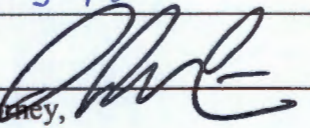

3.11 Flexible Savings Account. The City provides employees with the option to elect to participate in a Flexible Savings Account ("FSA"), administered in accordance with the Internal Revenue Code. Employees may use these programs to set aside money on a pre-tax basis pay for eligible health care related costs.
