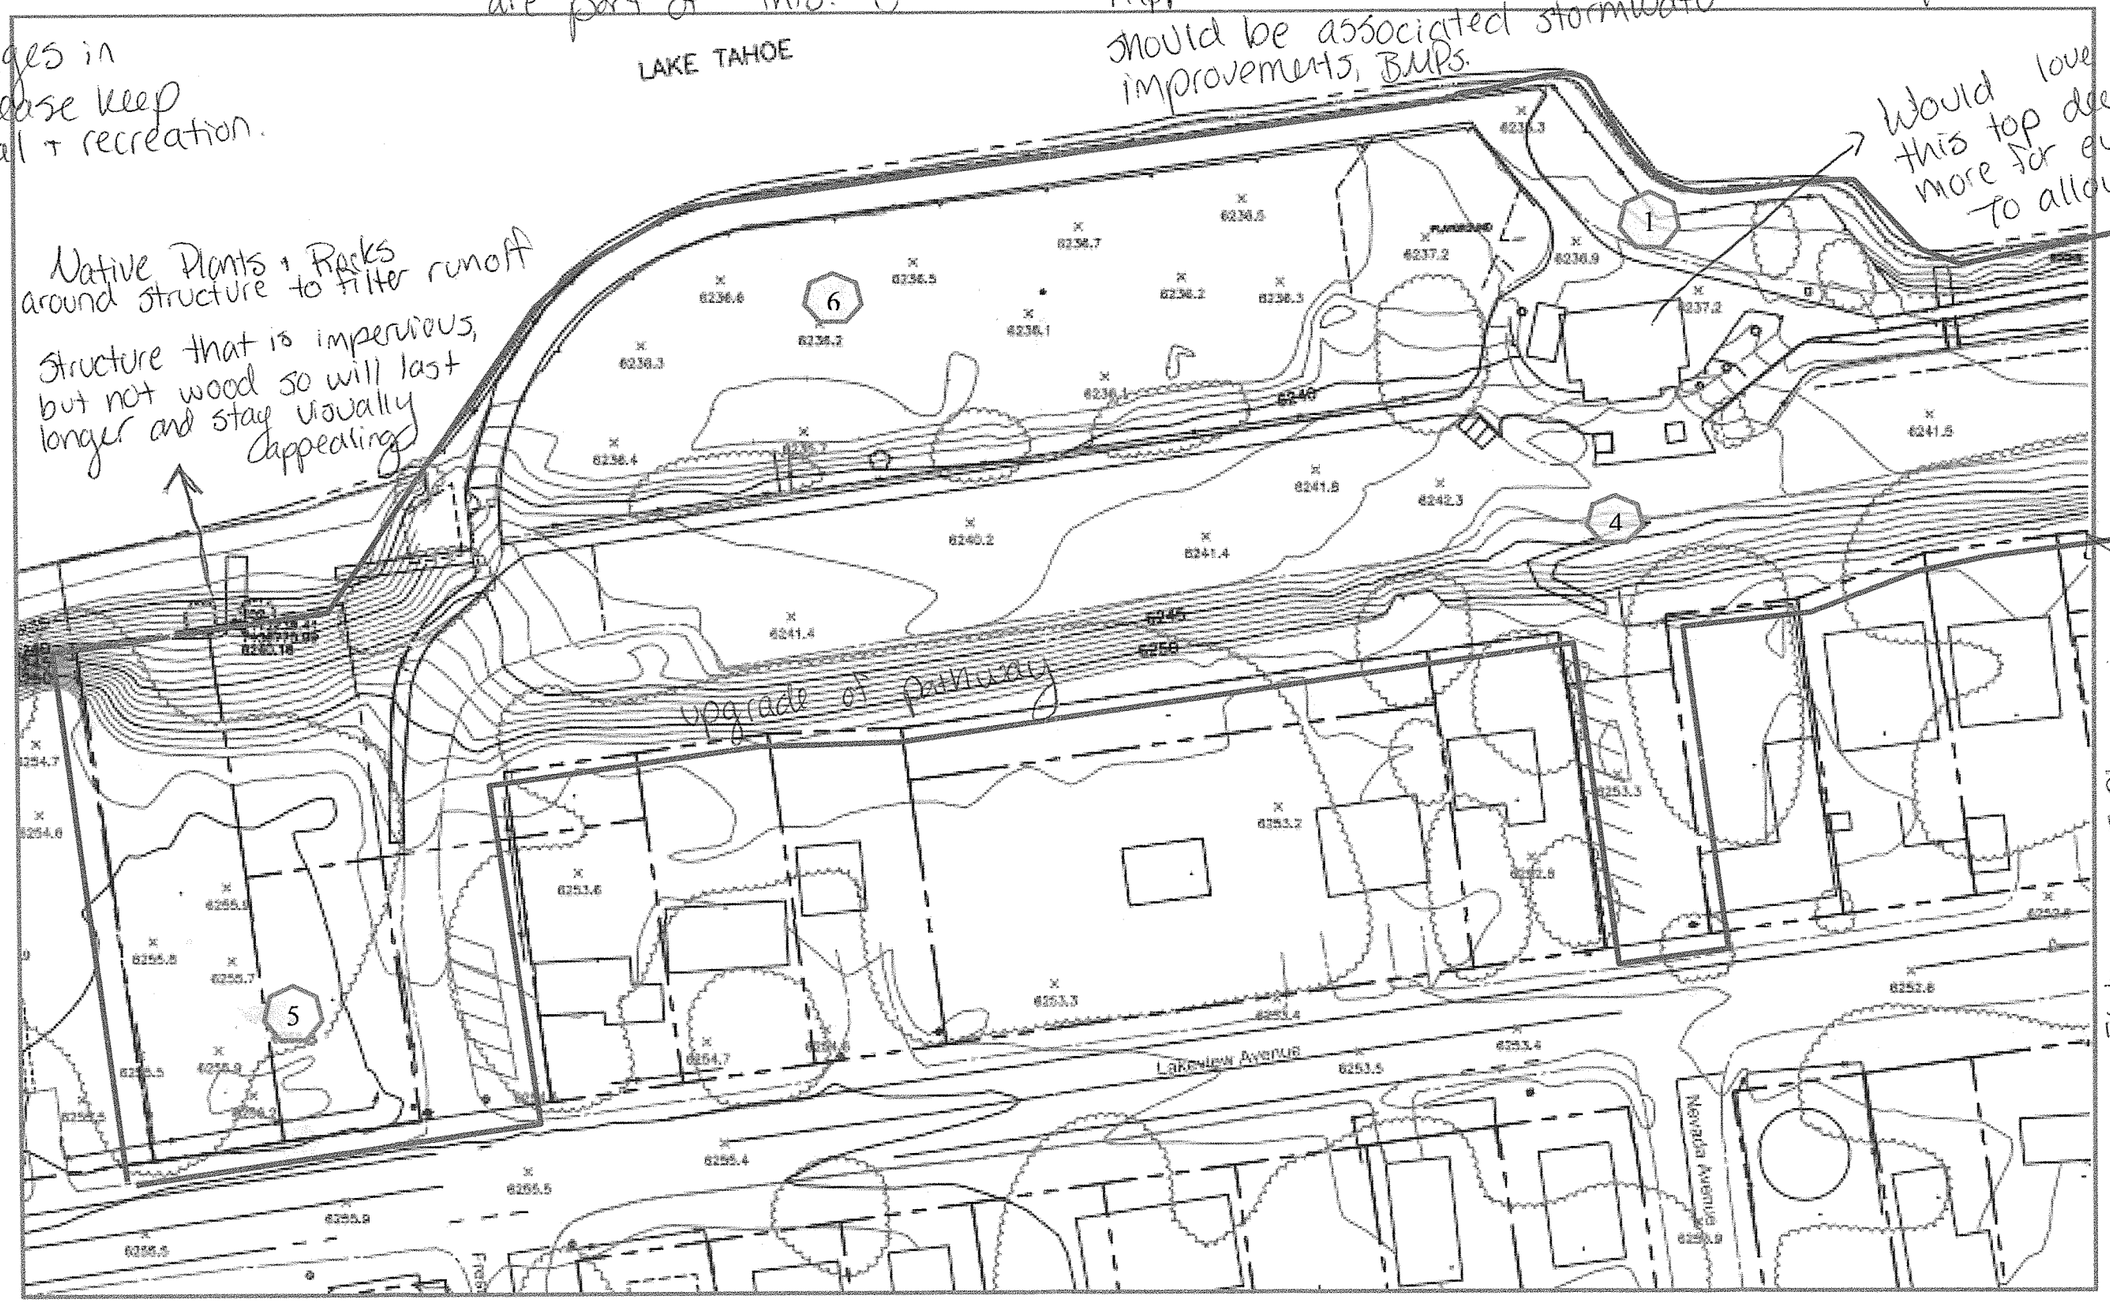
* During construction, make sure public knows the Cafe is open, love this place!

Generally - a nice nd park the way it is, but understand it needs upgrading. Please make sure water quality improvements are part of this.

Dog park: sign that says in words pick up poop. Hurts the Lake

* No changes in Uses. Please keep Residential + recreation.



Whatever improvements happen to the wall, there should be associated stormwater improvements, BMPs.

Would love to see this top deck utilized more for events. To allow the cafe to have low music (that ends at the appropriate time).

Vegetation in general along pathway & understand roots interfere with walkway but please keep the trees! Shade in summer is great

Shannon Eckmeyer.
