

THE LANDING AT TAHOE CABINS ADDITION

Project Address: 4104 Lakeshore Blvd.

Project Description: Diamond Rock Hospitality has submitted a Major Design Review and Special Use Application (File # 20-114) to construct nine cabins containing 17 tourist units at The Landing at Tahoe Resort and Spa. There are currently 82 guest units at the property and the project includes the demolition of Building D next to the existing pool and demolition and reconfiguration of the parking areas for hotel guests and employees. A Special Use Permit is required to waive the required parking spaces for the new guest units.

Zoning District: Lakeside Park

Status: Approved with Conditions

Decision Making Authority: Planning Commission

Public Hearing Date: September 15, 2022
